Equipment Needed:

- 1 10x10 Canvas

- 1 Elbow (fitting)
- 1 4-way fitting
- 1 Game Framework
- 1 Game Pipe- swedged (crimped)
- 1 Game Pipe- unswedged (uncrimped)
- 1 Soccer Ball

1. Select a level area to operate game with plenty of room to allow for a line to form.

3. Attach canvas to the framework using the Velcro straps.
4. If using game outdoors, it is strongly suggested that you use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with stakes.
5. Never fold up canvas wet. Always allow to dry thoroughly first.

Operating Instructions:

1. Player tries to shoot Hockey ball through hole in the canvas.
2. A predetermined number of shots through the hole receives a winners prize. All others receive a consolation prize.

Safety Instructions:

1. Be sure that there is plenty of clearance between the player and spectators.

2. Keep spectators clear from the sides and back of canvas to prevent them from being struck by a deflected or errant shot.
3. If using game outdoors, it is strongly suggested that you use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with stakes.
4. **Never use the game in strong wind or lightning.**
5. Use caution when setting up or taking down the game. Once the bolts are loosened the sections of tubing can come apart and fall down causing injury.
