### Rental Linens:

1. Each linen has been cleaned, pressed and folded.
2. Each linen is hung on a colored hanger that must be returned.

### Linen Use & Care:

1. Care should be taken to avoid stains or damage to the linens.
2. Do **NOT** use candles on tables with rental linens. Permanent damage to the linen can occur from the flame or the wax dripping. You will have to pay for every linen with wax, flame, cigarette burns, stains, etc on it.
  - a. *PartyLand does rent a flickerlight (rechargeable candle) that is very realistic and works in centerpieces. Great for indoor venues that don't allow an open flame.*
3. Do **NOT** allow smoking at the tables where rental linens are. Ashes, cigarette butts can cause burn holes in the linens.

### Linen Return:

1. Be sure to count the number of linens before leaving your event to ensure you have all you rented.
2. Do **NOT** wash the linens. Your rental price covers the cost of laundering them.
3. Shake out each linen to remove excess food crumbs, confetti & other debris.

4. Place them in a bag with the hanger they came on. Don't worry about folding them.
  - a. **If linens are wet, DO NOT put them in a plastic bag until they are dry. If put in wet or damp, mildew will occur and you will have to pay for all mildewed linens.**
